✅LR JENPAS(UG)-2024 Paper

Total Logical Reasoning Questions: 20

Category-1 (1 mark each): Q.81 to Q.100
→ Total: 20 × 1 = 20 marks (out of 115)

🧠 Question-by-Question Breakdown

Sl. No.	Question No.	Type / Concept	Topic Category
1	81	Number Series	Numerical Pattern Logic
2	82	Number Set Analogy	Logical Number Relationships
3	83	Letter Analogy	Verbal Analogy
4	84	Symbolic Number Pattern	Symbolic/Visual Logic
5	85	Odd One Out	Word Classification
6	86	Word Coding	Letter Shifting
7	87	Symbol Substitution	Code Language
8	88	Code Language Mapping	Symbol Mapping
9	89	Letter-to-Number Coding	Alphabet-to-Digit Pattern
10	90	Pattern Completion (Visual)	Non-Verbal Reasoning
11	91	Mirror Image	Visual Perception
12	92	Clock (Mirror Time)	Time-based Reasoning
13	93	Figure Identification	Embedded Figure
14	94	Pattern Completion	Visual/Spatial Reasoning
15	95	Dice – Opposite Face	Spatial Reasoning (Dice)

16	96	Dice – Number on Top	Spatial Reasoning (Dice)
17	97	Letter Series	Alphabet Series
18	98	Letter Series	Alphabet Series
19	99	Verbal Analogy	Subject-Field Matching
20	100	Country-Continent Classification	World Geography Logic

📊 Concept-Wise Summary

Concept Area	No. of Questions
Number & Letter Series	4
Code Language / Substitution	4
Visual / Non-Verbal Reasoning	4
Dice & Mirror Reasoning	3
Verbal & Word Analogy	3
Classification (Word/Logic)	2

📌 Observations & Insights

- Balanced distribution between **verbal**, **visual**, and **spatial reasoning**.

- **Dice-based questions** (Q.95–96) tested 3D visualization & face positioning.

- **Alphabetical patterns and analogies** (Q.83, Q.97–98) appeared consistently — good focus area for revision.

- **Real-life analogies (Q.99-100)** (e.g., "Body: Physiology :: Heart: ?") test static general knowledge with logic.

- No blood relation or direction sense questions in 2024.

- **Visual pattern reasoning (Q.90, 94)** keeps its usual significance.
